### APPEALS LABEL JUDGMENT.

#### Warner to Fight \$10,000 Finding in Favor of Government.

Brainard H. Warner yesterday noted an appeal to the District Court of Appeals from the verdict against him in the \$10,000 label suit instituted by United States Attorney Daniel W. Baker.

Noting of appeal followed the overruling by Chief Justice Claiborne of Mr. Warner's motions for a new trial and in arrest of judgment. These motions were submitted without argument by Attorney J. J. Darlington. Chief Justice Claiborne rendered judgment for \$10,000 damages against Mr. Warner and fixed bond to act as a supersedeas on appeal at \$12,000.

### WOMAN TO REOPEN FIGHT.

#### Mrs. Goodman Will Again Seek Share of Brown Estate.

Attorneys for Mrs. Rachel Anne Goodman declared yesterday they would file motions for a new trial in their attempt to obtain for her a share in the \$50,000 estate of John A. Brown, the octogenarian, to whom she was married a short time before his death.

Hearing on the validity of her marriage to Brown, to determine if she had a legal right to caveat the will, ended Thursday, when Justice Wright decided her divorce from Richard R. Goodman was invalid in this jurisdiction.

There will be thirty-five new cars placed on the Brightwood line, and fifteen more are coming. It has not been decided where the latter are to be placed. The cars will be similar in design to those running on Fourteenth street. They will not be as wide, and the fare will be dropped in a box, or "chopper," instead of being handed to the conductor. A new schedule will be put into effect.

### "VIRGIN OLIVE OIL" SEIZED.

#### Government Alleges Sixty-four Cases Are Impure.

The government, through United States Attorney Baker, yesterday labeled sixty-four cases of "Virgin Olive Oil," said to have been in the possession of S. A. Gatti and Nathan Musher, partners in the Pompano Company, at 702 Fifth street, as impure.

The charge is made that while the substance purports to be pure olive oil, it contains only 15 per cent of that substance, the rest being cottonseed oil, and that therefore the product is misbranded and in violation of the pure food and drug act.

Justice Anderson, of the District Supreme Court, issued a warrant of seizure, returnable on April 23.

### WANT DATE CHANGED

#### Tennallytown Citizens Have Inauguration Plan.

#### URGE A FOUR-DAY CARNIVAL

Northwest Suburban Association Adopts a Resolution Advocating Extension of the Quadrannual Ceremonies Through Better Part of a Week—Would Protect Water.

Unanimously endorsing the plan to change the date of the inauguration, the Northwest Suburban Citizens' Association of Tennallytown last night adopted a resolution urging that the quadrannual ceremonies extend through a period of four or five days in April or May.

Vigorous in his defense of the new project, C. C. Lancaster, president of the organization, declared the experiences of last month made it imperative that a suitable date be selected in the spring.

In his long discourse on the benefits to be derived from the change in date, Mr. Lancaster cited the advantages that would accrue from a patriotic view, and said that it would also assure the District revenues commensurate with its expenditures.

The proposal of the suburbanites calls for a military pageant on the first day of the inaugural ceremonies; a parade of political organizations on the next; a similar procession to be participated in by fraternal societies on the third day, and a concourse of floats as the exhibition of the fourth day. By this arrangement it is planned to hold the inauguration on the days on which the weather is favorable.

Want Reservoir Protected. Considerable discussion attended the passage of a resolution calling upon Congress to appropriate sufficient money to establish a park about the reservoir in Port Reno. This reservation is requested in order that a number of small houses now located in close proximity to the basin may be condemned, and all danger of pollution removed from the location of the city's water supply.

Several speakers pointed out that this expedient was necessary to save the water supply contained in the basin at that point. So grave were the fears of the citizens that one voiced the sentiments of his colleagues by saying he was afraid dead animals and refuse were being emptied into the reservoir at night.

To eradicate this so-called evil, Congress will be asked to donate \$50,000 for the purchase of twenty acres on Port Reno hill.

### FOR INAUGURATION CHANGE.

#### Park View Citizens' Association Favors Later Date.

At the regular monthly meeting of the Park View Citizens' Association, held last evening in Whitney Avenue Memorial Christian Church, an announcement was made of the appointment of the following committee chairman:

Laws and legislation, James L. Wilmett; public utilities, Arthur L. Webb; police and fire protection and fighting, Theodore L. Gatchell; membership and entertainment, Charles Drexilius; education and public buildings, D. A. Teller; civic relations and finances, Charles W. Bridwell; sanitation, F. L. Templeton; streets, sidewalks, and parking, Sidney H. Kent.

After completion of routine business a motion was made by James L. Wilmett that the association "endorse the action of the Commissioners of the District of Columbia in their efforts to change the date of the Presidential inauguration to a date later than March 4." This motion was passed, as was the resolution offered by D. A. Teller, favoring a normal school building "to be erected on lots already purchased for that purpose, at Eleventh and Harvard streets, Columbia Heights, as the District is in need of a building for the instruction and training of teachers for our public schools."

Dr. A. B. Crane called the attention of the association to "two plague spots in our neighborhood," one at Park road and Water street and the other at Georgia avenue and Park road. The speaker also invited attention to the insanitary condition of the gutters in Park road, east of Georgia avenue. These matters were referred to the proper committees for investigation.

James L. Wilmett, chairman of the committee on laws and legislation, spoke on several important subjects.

### PRINTERS MAY BE LAID OFF.

#### If Work Does Not Increase One Hundred Will Be Furloughed.

If the work of the Government Printing Office does not increase by the middle of next week many compositors will be temporarily furloughed. About 100 men will be affected.

Work on government printing has been rushed within the last few weeks, and unless Congress or some of the departments send in a large volume of printing, there will not be sufficient work to keep all employees busy.

About two weeks ago all extra compositors were released and the regular force has since disposed of everything but routine business. Public Printer S. B. Donnelly is now bothering his head to make the work go round, and declares a large number of men will be furloughed unless extra work comes in.

### ACCUSED OF ROBBING WIDOW.

#### Former Collector for Real Estate Firm Arrested.

Accused of obtaining more than \$200 from Mrs. Lena M. Ryan, a widow, by false pretenses, William F. Reed, twenty-nine years old, who gives his address as 901 F street southwest, is held at the First precinct police station.

Reed was arrested yesterday afternoon by Detectives Herman and Cox, shortly after Mrs. Ryan entered a complaint with the police. It is said Reed admits the accusations and declares he spent the money.

According to Mrs. Ryan, who lives at 134 M street southwest, she purchased three lots at Quinn's Beach, from the Colonial Land Company. Reed was employed by the company. It is asserted, and collected monthly payments from Mrs. Ryan. Several months ago, it is alleged, the collector was discharged, but the police declare he continued collecting money from Mrs. Ryan. It is alleged he obtained in all \$223, only \$25 of which he turned in at the land company's office.

Mrs. Ryan attempted to obtain a deed for the property she supposed she had purchased, and learned of the alleged theft.

## The Only Certain Remedy for Indigestion, Dyspepsia and all Stomach Troubles

## NOURILEAN

THE GREAT DYSPEPSIA REMEDY

(Guaranteed under the Pure Food and Drug Act of June 30th, 1906)

### NOURILEAN DOES THE BUSINESS CERTAINLY AND QUICKLY

Nothing in it to hurt even a child. No family should be without NOURILEAN—when wanted it's wanted quickly and acts quickly to relieve indigestion, dyspepsia, etc.

This is the Short Story of a Big Cleveland Manufacturer.

(Name and address given by mail on request)

He was laid up for months with aggravated dyspepsia or indigestion—unable to leave his room. He thought it was about the end of all things for him. A Chicago friend sent him a box of Nourilean while the doctor was still tinkering with his case. In a week he wrote his friend: "I feel like singing Hallelujahs to you this morning. Nourilean has done the business for me." A month later he went to Chicago, gave a royal dinner, partook royally himself, and was his old hearty self again. He is one of Nourilean's most enthusiastic advocates, and always carries the capsules in his pocket for the relief of his friends.

It contains no artificial digester, no alcohol, no opium, no calomel, no strychnine or other poisonous drug, and is absolutely free from all narcotics. The U. S. Government would prohibit our use of the mails if this were not so. Do not accept a substitute. There is nothing like it—nothing that will produce the same result. When necessary it will be sent direct by mail.
